

# Helm Portable Calibration System

The Helm Compass PLM-4 is a portable four channel strain gage signal conditioner that displays peak force and waveforms on a handheld Palm® unit through infra-red transceiver technology.

Features include:

- Accepts up to four channel strain gage inputs
- Displays Peak (dynamic) or Track (static) force values
- Display load signatures for machine diagnostics
- Weighs less than 5lbs
- Rechargeable Lithium-ion battery
- Scanning distance up to 5 feet
