

Universal Strain Gage I/O Module

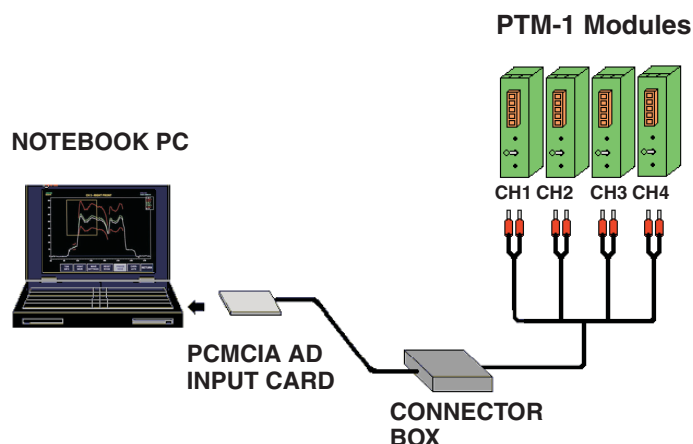

Specifications:

Supply Voltage: 24 vdc
Sensor Input: 175-700 ohm
Output Range: 0-10 vdv
Timing Input: 24 vdc Dry Contact
Installation Type: DIN Rail

The Helm PTM-1 module is a universal single channel strain gage input module for PLC applications. Small, economical and versatile the PTM-1 provides both track and peak outputs, making it ideal for signature analysis using Helm Mariner AD software.

The PTM module can be used with industry standard strain gage load cells and transducers having full bridge inputs from 175-700 ohm.
